FERRYHILL SCHOOL NEWSLETTER

INTEGRITY | CREATIVITY | EXCELLENCE

FUNDRAISING SUCCESS

Well done to the following students who have been busy fundraising in the community for their volunteering experience in Zanzibar.

Cameron, Olivia and Imogen - Year 10

Jack - Year 9

Amelia - Year 8

An incredible well done to students who have also secured sponsors from local and national businesses. This level of support is amazing for our students and the opportunity they have been given.

More information on this will follow soon!

YEAR 7 & 8 ASSEMBLIES

This week Miss Hanson delivered assemblies to Year 7 & 8 students.

The assemblies were to inform students regarding them being signed up on the iDEA website.

www.idea.org.uk

The Inspiring Digital Enterprise Award, known as iDEA, is an international award-winning programme that helps students develop digital, enterprise and employability skills.

Through a series of online challenges, students can win career-enhancing badges, unlock new opportunities and, ultimately, gain industry-recognised Awards that help them stand out from the crowd.

As students progress through the levels, they receive certificates which are recognised by both employers and post 16 providers.

YEAR 7 & 8

Competition Time

As part of the schools Personal Development (PD) programme all students have had an account setup on the following website:

www.idea.org.uk

The Inspiring Digital Enterprise Award, known as iDEA, is an international award winning programme that helps students develop and demonstrate their digital, enterprise and employability skills.

How to login

Login: SCHOOL EMAIL ADDRESS
(eg: 23bloggsj@ferryhill.school
23surnameinital@ferryhill.school)

Password: Ferryhill1?

All students are required to complete tasks on the site, students are free to choose which tasks interest them, however they must complete a minimum of 10 points before Tuesday 31st Oct.

For every additional 5 points completed students will gain an entry into a prize draw which will take place on Thursday 2nd Nov.

Please encourage and support your child to complete tasks on www.idea.org.uk to help them develop many different transferable skills.
If you require any further information or support please email careers@ferryhill.school

YEAR 7 & 8 KOOTH ASSEMBLY

This week Year 7 and 8 students had an assembly delivered by the Lead Engagement Officer from Kooth.

Kooth is a free and anonymous place for young people to find online support and counselling. There is a vast range of features and tools to support young people, if they are looking for advice or simply not feeling their best. For further information please visit

www.kooth.com

JOB OF THE WEEK

As part of the Year 9 tutor programme to help expand student knowledge and understanding of some of the many different job roles available to them after school, students have been looking at different job roles.

This weeks 'Job of the week' is a Games Tester.

Further information about this job role can be found by following this link:

<https://www.youtube.com/watch?v=uBx6CXAf0xc>

Why not also check out a range of Sixth Form Careers and PSHE resources here

<https://bit.ly/C8SixthForm>

YEAR 9

MIDDLE SCHOOL MEETINGS

Morning and Afternoon Meetings were part of the planning for our return in September.

As we feel the meetings are an important part of the day, we made sure these could still happen here at the leisure centre.

Morning meetings are a uniform and equipment check to ensure the students are ready to learn when they arrive in lessons. This is followed by a retrieval from all subject areas. This helps students with revision of topics they have covered and identify and gaps in their knowledge.

Afternoon Meetings are a way to celebrate achievements, encourage positivity and support well-being. Each week we will look at the following areas:

Middle School
Afternoon Meeting Programme
2023/2024

DAY	THEME
MONDAY	Motivational Monday
TUESDAY	Tell Me Tuesday
WEDNESDAY	Winner Wednesday
THURSDAY	Thoughtful Thursday
FRIDAY	Feelgood Friday

INTEGRITY, CREATIVITY, EXCELLENCE

YEAR 10 INFORMATION

Congratulations to the following Year 10 students who have achieved the most positive behaviour points this half-term. Leah O, Freya B, Max W, Tyler B, Lexie H, Jude T Archie M, Anna L, Olivia H, Ethan B and Alice P

These students are a shining example of excellence, integrity and creativity.

YEAR 11 INFORMATION ASSEMBLIES

Bishop Auckland College delivered an assembly this week.

As part of the schools careers provision Year 11 have had an assembly from Bishop Auckland College, allowing them to gain a further understanding of what post 16 opportunities are available.

YEAR 11 STUDY SKILLS

This week, our Year 11 students will continue with their Study Skills program during tutor time. The sessions will focus on what students need to do in order to revise and prepare fully for their upcoming examinations.

Students will learn a three-step method to revising:

- Understand - subject content
- Process - revision techniques
- Practice - past exam questions

During tutor time, students will have the opportunity to explore different revision techniques which should be undertaken as part of the 'process' step.

They are as follows:

- Flashcards
- Mind Maps
- Mnemonics
- Revision Clocks
- Highlighting
- Command Words

YEAR 10 & 11

FUTURE STEPS EVENT

Date for your diary!
'Future Steps' event
Thursday 9th November 2023
4:00pm – 6:00pm

Parents, carers and students are invited to attend our 'Future Steps' event at Ferryhill Upper School, Coulson Street, Spennymoor, DL16 7RS.

The aim of this evening is to support students and provide information regarding post 16 options available to them.

These decisions are incredibly important and so it is vital that students make informed decisions about their future.

There will be a wide range of exhibitors attending the event including local sixth forms, colleges, training providers, apprenticeship providers and employers. School staff will also be running information sessions.

Look out for further information in the coming weeks!

In the meantime, please speak to Miss Hanson or email careers@ferryhill.school if you have any questions.

PERFORMANCE IN EDUCATION

The Durham Police & Crime Commissioner's Office, Darlington Fire and Rescue & Durham County Council sponsored an Anti-social Behaviour & Arson Prevention theatre presentation called "Flashpoint". This production was watched by all Year 8 students.

'Flashpoint' focuses on the consequences of anti-social behaviour and dangers of youth arson.

The production was aimed at raising student awareness of:

- The potential consequences of anti-social behaviour.
- The effects arson can have on themselves, other people and the fire service.
- The impact setting fires in derelict buildings, waste ground or abandoned cars can have and the fact this is not a victimless crime.
- How all fires begin as small fires, and they get out of control very easily.
- The implications of assaulting fire crews.
- The impact of peer pressure and peer influence.

HALLOWEEN RAFFLE

Halloween Sweet Hamper Raffle

£1 per entry – in cash

Please see the following staff if you wish to take part and win an amazing Halloween Sweet Hamper!

Lower School – Mrs Thompson
Middle School – Mrs Langdale
Upper School – Mrs McGuiggan
All Sites – Mr M Wood

COST OF ACCESSING EDUCATION SURVEY

This survey is designed to gain a better understanding of primary and secondary education's cost and affordability and how it impacts families in County Durham. If you are a parent or carer of children who attend primary or secondary school in County Durham please scan the QR code and complete the survey. The questionnaire takes about 10-15 minutes to complete.

AFTER SCHOOL ACTIVITIES

After school activities will continue at Ferryhill site every Monday, Wednesday and Friday. Each session will run from 2:50 - 3:30pm.

Monday - Netball

Wednesday - Football

Wednesday - Board Games Club

Thursday - Dodgeball

ENGLISH CLUB

Come along to Miss Major's new exciting English club held every Wednesday 3:00-3:30pm.

Years 10 & 11

FIREWORK CAMPAIGN

Ferryhill School Leaders are supporting the RSPCA's #BANGOUTOFORDER firework campaign.

Let's look after each other! 5 minutes of enjoyment can affect pets, horses, livestock and wildlife for a lifetime.

- Fireworks cause stress and anxiety in animals that in severe cases can result in loss of life.
- Fireworks pose a fire risk to buildings, barns storing hay and can result in loss of life to horses and livestock.
- Fireworks can cause harm to animals by the litter they produce. Firework casings and debris can be ingested, causing suffering.
- Firework noise can cause frightened animals to abandon habitats.
- Please go to Ferryhill's organised display to enjoy fireworks.
- Alert neighbours if you are having a display at home.
- Adjust your plans if you reside near where livestock and horses are kept.

PARENT NOTICES

PARKING AT FERRYHILL

Parents are not to park in the school car park or enter the site on foot to collect their child unless they have been provided with a permit from School. Due to ongoing works around the area, we have a designated exit to ensure students can leave the site safely.

COLLECTION OF STUDENTS FROM FERRYHILL SITE

When collecting or dropping off a student during the school hours of 8:30am – 2:45pm, can we ask that parents/carers come to the new reception entrance based in room 10 which is signposted. The PE entrance used by students will be locked throughout the day and will not be manned by staff.

LATE BUSES

Please note late busses will not run for afterschool clubs. Your child will be expected to make their own way home.

PE KIT REMINDER

Can we please remind parents that students must have their PE kits in school on their PE day. Please remind your child to check their timetable daily.

LOLLIPOPS

Lollipops are not allowed in school, they are a potential choking hazard.

BEHAVIOUR ON SCHOOL BUSES

Please ensure students are aware that their behaviour while waiting for and while travelling on the school bus is subject to the schools consequence system.

RECORDING ABSENCES/ATTENDANCE

All student absences must be reported to school by 8:30am each day. This can be done by contacting (01740) 651554. Please then select **option 1** to be directed to Student Support. If there is no one available to take your call, please leave a message on the answer machine provided. Alternatively, you can email any attendance related queries to attendance@ferryhill.school.

AEROSOLS

Aerosols are NOT allowed in school in any form ie deodorant, hairspray, dry shampoo etc. If your child is found with this in their possession, the item will be confiscated and will have to be collected by parents.

WE ARE READY TO LEARN.

ON TASK
BEHAVIOUR

WE ARE ALWAYS ON TASK IN EVERY LESSON
AND BEHAVE WITH INTEGRITY OUTSIDE
OF THE CLASSROOM.

GETTING IT RIGHT

AN IMPORTANT MESSAGE TO OUR STUDENTS

As we embark on this new academic year, let us first acknowledge the undeniable truth: life is a journey filled with challenges! One of the most valuable lessons you will learn during your education is not just the content of your textbooks, but the art of overcoming obstacles, and the resilience to keep moving forward.

It's not about what you're up against; it's about how you choose to tackle it.

Here's how challenges can shape your journey to excellence:

1. Personal Growth and Resilience:

Every challenge you face is an opportunity for personal growth. The process of overcoming difficulties builds your resilience. It makes you stronger, more adaptable, and better prepared for the challenges that lie ahead in your academic journey and beyond. Remember, it's not about avoiding adversity but embracing it as a chance to evolve.

2. Learning and Development:

Challenges are our greatest teachers. They force us to think creatively, problem-solve, and develop new skills. When you overcome a challenging situation, you're not just learning from your textbooks but from the real world. Each obstacle is a chance to become a more knowledgeable, capable, and well-rounded individual.

3. Building Confidence:

Every challenge you conquer boosts your confidence. It shows you that you have the strength and determination to overcome anything that comes your way. As you face the challenge of a new school setting, remember that by tackling it head-on, you're not just resolving an issue but also building the confidence to handle future challenges.

4. Achieving Your Dreams:

Success is sweeter when it's hard-earned. Challenges are the stepping stones that lead you closer to your dreams. When you overcome obstacles, you're one step closer to achieving your goals. Think of every challenge as a test of your commitment to your aspirations and an opportunity to prove your dedication. As you navigate this year, remember that challenges are not meant to break you but to shape you into extraordinary individuals. Embrace them with determination, courage, and an unwavering belief in your abilities. Remember, you're not alone on this journey. Your teachers, parents, friends, and the entire school community are here to support.

Stay inspired, stay resilient, and give it everything you've got!

Emotional Wellbeing

In order to support the transition to secondary school during the course of September we have arranged a number of workshops delivered by the Durham County Emotional Wellbeing Team.

More information will follow.

Teaching Support

If you require support from your class teachers they will remind you of their email addresses next week during online lessons

General

If you have any general questions you can contact our general office on **general@ferryhill.school**

What Parents & Carers Need to Know about THE DANGERS OF VAPING

Data collected for ASH (Action on Smoking and Health) shows an increase in 11 to 17-year-olds experimenting with vaping: from 7.7% in 2022 to 11.6% in 2023. It's concerning that these age-restricted products are getting into the hands of under 18s as most contain nicotine, which can be detrimental to brain development and cause long-term addiction. Some schools have reported students having their focus in lessons affected by nicotine cravings; vaping in school toilets; and even trying vapes found in their local park. Raising awareness of the risks among young people could help to prevent these problems from escalating and reduce the number of young vapers.

WHAT ARE THE RISKS?

NICOTINE ADDICTION

Since they were initially developed to help people stop smoking, the vast majority of vape liquids contain nicotine. Not only is this a highly addictive stimulant, but it can also have detrimental effects on brain development in the under-25s. Nicotine can decrease the ability to pay attention, weaken impulse control, affect mood and increase the likelihood of substance addiction as an adult.

WHAT IS VAPING?

Vapes contain a liquid (vape juice/e-liquid) that is heated by a battery and evaporates, creating a chemical vapour which the user inhales. They can be disposable (once the liquid or battery runs out, the vape is thrown away) or rechargeable (the user replaces the liquid and recharges the battery on demand). Most vape liquids contain nicotine and other chemicals.

LACK OF AWARENESS

A proportion of young people tend to view vapes as harmless, mainly because of the products' appearance and the perception (often strengthened on social media) that "vaping is cool" and on trend. In many instances, young people don't fully appreciate the concept of addiction; that is, they aren't adequately aware of the risk of becoming hooked on nicotine before trying a vape.

POTENTIAL TOXICITY

Many vape liquids have been found to contain 'heavy' metals such as lead, tin, nickel and (in some cases) mercury – all of which are toxic. These metals often take the form of tiny shards inside a device's liquid tank, which are then inhaled into the body. Some media reports have suggested these metals are particularly prevalent in illegally imported vapes which don't comply with UK regulations.

UNCLEAR LONG-TERM CONSEQUENCES

The liquids in vapes also contain solvents, which can create carcinogens at the point of evaporation. Vapes were only introduced into the UK in 2005 – and, because of the relatively short timeframe involved, there is insufficient medical evidence to assess the long-term harms that regular inhalation of these chemical fluids might have on the human body.

ATTRACTIVE PACKAGING

The packaging of many disposable vapes is very appealing to young people, frequently echoing the colours and flavours of the sweets or fizzy drinks they're used to buying. There's a relative lack of regulation around vape marketing, and vaping is often depicted positively on social media – which can lead young people to develop favourable views of vaping and overlook the possible harms.

ENVIRONMENTAL EFFECTS

In the UK alone, around 5 million disposable vapes go to landfill every week. Due to such significant numbers of these products not being recycled, their components – a lithium battery and a chemical liquid – pose a toxic risk to the environment, the ecosystem and wildlife. Vapes are also predominantly made of plastic and metal; materials that, of course, do not naturally decompose.

WIDER HEALTH CONCERNS

Studies are already showing a link between vaping and oral health problems such as tooth decay and gum disease. This is because vaping reduces the amount of saliva in the mouth, while increasing bacteria – resulting in bad breath and a build-up of plaque. There are also concerns that, in some users, vaping could lead to the development of asthma, a persistent cough and breathing difficulties.

UNREGULATED VAPING PRODUCTS

The number of retailers willing to sell vapes to under-18s is a worry, as the chance of these products being unregulated (and therefore containing illegal chemicals and higher levels of nicotine) is high. A related concern is that the mechanisms inside unregulated products are unlikely to have been tested and safety checked – presenting a possible fire risk if the liquid and battery come into contact.

SCARCE INFORMATION

The lack of information about the ingredients and potentially harmful chemicals in a vape is troubling. Some vape fluids (unregulated in the UK) contain traces of nuts, which can cause an allergic reaction or anaphylactic shock. To date, medical warnings aren't required on vape packaging – with only medical disclaimers being found on the websites of the various brands.

VAGUE INGREDIENTS LISTS

Early research has suggested that the chemicals used to produce some strawberry and banana flavour e-liquids can kill cells in the blood vessels and heart. These ingredients aren't identified on the packaging, instead falling under the umbrella term 'natural and artificial flavourings'. Such vague listings mean that consumers aren't aware of the liquid's content so can't identify potential risks.

Meet Our Expert

Run by the Cambridgeshire and Peterborough Healthy Schools Service (Commissioned by Cambridgeshire County Council and Peterborough City Council), Catch Your Breath is a school-based project aimed at young people. Its goal is to embed a proactive, coordinated approach among both primary and secondary schools in discouraging smoking and vaping behaviours.
